Description of Puppy _____

This puppy is guaranteed to be in good health at the time of sale. The buyer has 3 business days to have the puppy examined by a licensed veterinarian to ensure good health and check for any congenital/hereditary defects. The buyer is responsible for all veterinary expenses incurred at the examination. If the veterinarian finds a congenital/hereditary defect, the buyer may return the puppy, along with a written statement signed by the veterinarian, for a full refund of the purchase price or a replacement puppy when one becomes available. There will be NO refund or exchange of a puppy due to neglect or injury after the puppy leaves our possession. The puppy has received its first vaccinations and de-worming medication, however it will need to receive a series of booster vaccinations by a veterinarian to ensure immunity against certain diseases and to obtain optimum health. Buyer is hereby the owner of said puppy and assumes full responsibility for the maintenance and care of the puppy.

IF a puppy is returned due to congenital/hereditary defect, breeder is NOT liable to any shipping charges for the puppy's return.

Breeder makes NO warranty that the puppy is suitable for any use other than as a pet. Buyer agrees that the breeder is not responsible for any inability of this puppy to be a breeder dog or a show dog. Breeder does NOT guarantee size, coat, color, weight, temperament, or reproductive ability of the puppy. Also, common conditions such as, but not limited to, collapsed trachea, hernias, obesity, improper bite, hypoglycemia, undescended testicles, loose kneecaps, etc. are NOT covered by this guarantee. It should also be noted that although the parents are CKC registered, as is the puppy, however there has been NO DNA testing to ensure the puppy is 100% purebred and this is not guaranteed in the health guarantee.

This guarantee is made between the seller and original buyer only.
